# COMMITTEE ON LEGISLATIVE RESEARCH OVERSIGHT DIVISION

### FISCAL NOTE

<u>L.R. No.</u>: 4461-02 Bill No.: SB 905

<u>Subject</u>: Taxation and Revenue - Sales and Use; Annexation; Counties; Tourism; Interstate

Cooperation

<u>Type</u>: Original

Date: February 23, 2010

Bill Summary: Would implement the provisions of the streamlined sales and use tax

agreement.

# **FISCAL SUMMARY**

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND				
FUND AFFECTED	FY 2011	FY 2012	FY 2013	
General Revenue	\$0	(\$144,156) to More than \$100,000	(\$133,102) to More than \$100,000	
Total Estimated Net Effect on General Revenue Fund	\$0	(\$144,156) to More than \$100,000	(\$133,102) to More than \$100,000	

Numbers within parentheses: ( ) indicate costs or losses.

This fiscal note contains 9 pages.

L.R. No. 4461-02 Bill No. SB 905 Page 2 of 9 February 23, 2010

ESTIMATED NET EFFECT ON OTHER STATE FUNDS				
FUND AFFECTED	FY 2011	FY 2012	FY 2013	
Conservation Commission	\$0	More than \$100,000	More than \$100,000	
Parks, and Soil and Water	\$0	More than \$100,000	More than \$100,000	
School District Trust	\$0	More than \$100,000	More than \$100,000	
Total Estimated Net Effect on Other State Funds	\$0	More than \$100,000	More than \$100,000	

ESTIMATED NET EFFECT ON FEDERAL FUNDS				
FUND AFFECTED	FY 2011	FY 20121	FY 2013	
Total Estimated Net Effect on All Federal Funds	\$0	\$0	\$0	

L.R. No. 4461-02 Bill No. SB 905 Page 3 of 9 February 23, 2010

ESTIMATED NET EFFECT ON FULL TIME EQUIVALENT (FTE)				
FUND AFFECTED	FY 2011	FY 2012	FY 2013	
General Revenue	0	3	3	
Total Estimated Net Effect on FTE	0	3	3	

- Estimated Total Net Effect on All funds expected to exceed \$100,000 savings or (cost).
- Estimated Net Effect on General Revenue Fund expected to exceed \$100,000 (cost).

ESTIMATED NET EFFECT ON LOCAL FUNDS				
FUND AFFECTED	FY 2011	FY 2012	FY 2013	
<b>Local Government</b>	\$0	More than \$100,000	More than \$100,000	

#### FISCAL ANALYSIS

### **ASSUMPTION**

Officials from the **Office of the Secretary of State** (SOS) stated that many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

L.R. No. 4461-02 Bill No. SB 905 Page 4 of 9 February 23, 2010

## ASSUMPTION (continued)

Officials from the **Department of Conservation** (MDC) assume this proposal would have an unknown fiscal impact on MDC funds, and MDC will rely on DOR for the estimated impact of this legislation. However; as written, this legislation could have a negative impact on MDC funds which could far exceed \$100,000 annually.

Officials from the **Department of Natural Resources** (DNR) assume this proposal would bring Missouri sales and use tax laws into compliance with the streamlined sales and use tax agreement. Currently, there is not enough information on what the final content of the streamlined sales and use tax agreement will be. DNR department assumes the Department of Revenue would be better able to estimate the anticipated fiscal impact that would result from this proposal.

Officials from **St. Louis County** assume this proposal would seem to carry a significant potential impact but it is virtually impossible to quantify.

Officials from the **Department of Revenue** (DOR) assume this proposal would require the state and every political subdivision to adopt, implement and incorporate all the provisions of the streamlined sales and use tax agreement, as amended, as of January 1, 2012. The proposal would require DOR to create rules and regulations necessary to implement the streamlined sales and use tax agreement. DOR officials and ITSD-DOR would also be required to make significant changes and/or modifications to the current Missouri Sales Tax System (MITS), to the fuel tax system (FACS) and to the taxation cashiering transmittals system.

The DOR response stated that DOR does not envision an FTE impact for the Sales Tax area, but that rule writing would create a significant impact for which we will need additional managerial assistance, one FTE Management Analyst Specialist I (Range 23, Step Q).

The DOR response included three additional employees and related benefits, equipment, and expenses, totaling \$215,149 for FY 2011, \$155,296 for FY 2012, and \$159,956 for FY 2013.

L.R. No. 4461-02 Bill No. SB 905 Page 5 of 9 February 23, 2010

# <u>ASSUMPTION</u> (continued)

**Oversight** assumes that the Streamlined Sales and Use Tax Agreement would apply primarily to retail transactions by sellers which do not currently have a physical location in the state. Retailers which do not currently have a physical location in the state would be required to report taxable sales and remit sales tax on Missouri sales. This requirement would likely increase state sales tax collections but the number of current filers would not likely change. Therefore the proposal would not likely have a significant impact on Department of Revenue staffing for sales tax processing.

The proposal would require DOR to promulgate rules and take any action necessary to implement the provisions of the Streamlined Sales and Use Tax Agreement by January 1, 2012. This proposal would also require the state and every political subdivision to adopt, implement, and incorporate by reference all provisions contained within the streamlined sales and use tax agreement. Changes in state regulations would be required to eliminate current regulations which conflict with Streamlined Sales and Use Tax Agreement provisions. It would also appear that new DOR regulations would be required to reference the provisions of the Streamlined Sales and Use Tax Agreement on a statewide basis in order to preserve the uniformity of regulations applicable to all sales in the state.

Finally, Oversight notes that retail entities with a physical presence in the state are currently using a set of systems and procedures created and operated by DOR. If those retailers were permitted to use the Streamlined Sales and Use Tax Agreement reporting and payment systems, there would likely be a reduction in the number of returns filed and revenue collected under current procedures. That could allow a reduction in DOR resources applied to sales tax processing but the number of filers and the amount which might be collected can not be estimated, and that process would likely not begin until after FY 2013.

Oversight will include three additional DOR employees in this fiscal note for FY 2012 and 2013, and has, for fiscal note purposes only, changed the starting salary for the new positions to correspond to the second step above minimum for comparable positions in the state's merit system pay grid. This decision reflects a study of actual starting salaries for new state employees for a six month period, and the policy of the Oversight Subcommittee of the Joint Committee on Legislative Research. Oversight has adjusted the DOR estimate of expense and equipment costs in accordance with OA budget guidelines, and assumes that a limited number of additional employees could be accommodated in existing office space.

L.R. No. 4461-02 Bill No. SB 905 Page 6 of 9 February 23, 2010

## ASSUMPTION (continued)

DOR officials also provided an estimate of the IT impact of implementing the proposal. DOR estimated the cost to implement the IT portion of the proposal at \$71,232, based on 2,688 programming hours to make programming changes to the sales tax processing system (MITS).

**Oversight** assumes OA-ITSD (DOR) is provided with core funding to handle a certain amount of normal activity each year. **Oversight** assumes OA-ITSD (DOR) could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, OA-ITSD (DOR) could request funding through the appropriation process.

Officials from the **Office of Administration**, **Division of Budget and Planning** (BAP) assume there would be no added cost to their organization as a result of this legislation. This proposal would require the adoption and implementation of the Streamlined Sales Tax Agreement by Jan. 1, 2012.

BAP officials stated that this proposal would increase general and total state revenues, and local revenues. BAP did not have an estimate of the sales tax revenues to be gained from this proposal, but noted that many sales that occur via e-commerce or other remote sellers would be subject to sales tax under this agreement. Two studies of the revenues that Missouri might gain from collecting sales tax on e-commerce provide an estimated range of \$108 million (Eisanach & Litan, Feb. 2010) and \$210 million (Bruce, Fox, & Luna, April 2009). Those studies are limited to the gains from e-commerce, and do not attempt to estimate other remote sales.

BAP officials noted that this proposal could result in an increase in Total State Revenue if current sales tax exemptions are eliminated to conform current state provisions with Streamlined Sales Tax Act provisions. In addition, there would be an increase in sales tax revenues from the collection of taxes on transactions that are not currently reported.

**Oversight** notes that this proposal would require all state agencies and local governments to implement the provisions of the streamlined sales and use tax agreement as of January 1, 2012. Any provision of state law in conflict with that agreement would be voided.

Oversight assumes that the General Revenue Fund, other state funds which receive sales and use tax revenues, and local governments would have additional revenues from the implementation of the agreement but the amounts can not be determined. For fiscal note purposes, Oversight will indicate an increase in revenue in excess of \$100,000 per year for those funds and for local governments, beginning January 1, 2012.

# FISCAL IMPACT - Small Business

This proposal could have a direct fiscal impact to small businesses.

### FISCAL DESCRIPTION

The proposed legislation would adopt the provisions of the streamlined sales and use tax agreement.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
